## Nonresponsive

o On Thursday, August 13, 2015, OSRTI decided to postpone the release of SEMS 1.7 due to a request from Region 8 related to the Gold King Mine release. Region 8 requested the delay because it will need to access SEMS over the weekend, primarily for document searches.

- o The SEMS Reference Desk will send a message to all users shortly to alert them to the change. OSRTI is working with NCC to reschedule this release.
